

## Project 14211EZ: Wall Hung Magazine and Book Rack

*This easy-to-build wall-hung magazine and book rack is an ideal beginner project. It can be made using only the table saw, saber saw, and drill, and it can be completed in one afternoon. The entire project is made from 3/4" stock. We used mahogany, but any hard or soft wood, including pine, will work.*

### Magazine and Book Rack Materials List

| Part | Description  | Size                    | No. Req'd |
|------|--------------|-------------------------|-----------|
